STAY SAFE

EYFS: 3.25, 3.65, 3.66, 3.67

VISITS AND OUTINGS POLICY

At Queens Park Montessori Day Nursery we believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. Therefore, where possible, we will seek to provide visits and outings to the local area (giving due regard to the adult/child ratio and the safety of the children). We always ask for parents' permission for children to be included in such outings.

Procedures

Visits and outings are carefully planned using the following guidelines, whatever the length or destination of the visit:

- A pre-visit checklist, full risk assessment and outings plan will always be carried out by a senior member of staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. We will endeavour to visit the venue prior to the visit. This will ensure that the chosen venue is appropriate for the age, stage and development of the children
- We designate one member of staff to be the outing leader, this may be the most senior member of staff attending and it will be their role to take the lead in the event of any emergencies/incidents
- Written permission will always be obtained from parents before taking children out
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary.
- A travel first aid box will always be taken on all outings along with any special medication or equipment required

- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- All staff will be easily recognisable by other members of the group; they will wear high visibility vests/jackets
- Children will be easily identified by staff when on a trip by use of a sticker system. The nursery name, number and mobile number will be displayed
- A fully charged [nursery](#) mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.
- Outings are recorded on the signing in/out sheets as follows:
 - The date and time of the outing
 - The names of staff and children leaving the building
 - The time of return

Risk assessment/outings plan

The full risk assessment and outing plan will be displayed for parents to see before giving consent. This plan will include details of:

- The name of the designated person in charge - the outing leader
- The name of the place where the visit will take place
- The estimated time of arrival [at the place where they are visiting and expected time they will arrive back at the nursery](#)
- The number of children, age range of children, the ratio of staff to children, children's individual needs and the group size
- The equipment needed for the trip, i.e. first aid kit, mobile phone, coats, safety reins, pushchairs, rucksack, packed lunch etc.
- Staff [emergency](#) contact numbers
- Method of transportation and travel arrangements (including the route)
- Financial arrangements
- Emergency procedures
- The name of the designated first aider and the first aid provision
- [Links to the child's learning and development needs.](#)

Use of vehicles for outings

We will never transport children in our own vehicles. Any vehicle we use is either private hire or public transport.

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned
- All vehicles used in transporting children are properly licensed, inspected and maintained by the coach or bus company
- When we use a mini bus or coach, the company used will check that the driver is over 21 years of age and holds the correct license.
- When children are being transported we maintain ratios.

If a vehicle is used for outings the following procedures will be followed:

- Ensure seat belts, child seats and booster seats are used where fitted/required
- Ensure the maximum seating is not exceeded
- All children will be accompanied by a registered member of staff
- No child will be left in a vehicle unattended
- Extra care will be taken when getting into or out of a vehicle
- The vehicle will be equipped with a fire extinguisher and emergency kit containing warning triangle, torch, blankets, wheel changing equipment etc.

Visits to farms

- A site visit is made by a senior member of staff before an outing to a farm can be arranged. We check that the farm is well-managed, that the grounds and public areas are as clean as possible and that suitable first aid arrangements are in place. Animals should be prohibited from any outdoor picnic areas
- We check that the farm has suitable washing facilities, appropriately signposted, with running water, soap and disposable towels or hot air hand dryers. Any portable water taps should be appropriately designed in a suitable area
- We will explain to the children that they will not be allowed to eat or drink anything, including crisps and sweets, or place their hands in their mouths, while touring the farm because of the risk of infection and explain why
- We will ensure suitable precautions are in place where appropriate e.g. in restricted areas such as near slurry pits or where animals are isolated.

During the visit

- If children are in contact with, or feeding animals, we will warn them not to place their faces against the animals or put their hands in their own mouths afterwards, and explain why
- We will encourage children to leave comforters (e.g. soft toys and blankets) and dummies either at nursery, in the transport used or in a bag carried by a member of staff to ensure cross-contamination is limited
- After contact with animals and particularly before eating and drinking, we will ensure all children, staff and volunteers wash and dry their hands thoroughly. If young children are in the group, hand washing will be supervised. We will always explain why the children need to do this
- Meals, breaks or snacks will be taken well away from the areas where animals are kept and children will be warned not to eat anything which has fallen on the ground. Any crops produced on the farm will be thoroughly washed in portable water before consumption
- We will ensure children do not consume unpasteurised produce, e.g. milk or cheese
- Manure or slurry presents a particular risk of infection and children will be warned against touching it. If they do touch it, we will ensure that they thoroughly wash and dry their hands immediately
- We will ensure all children, staff and volunteers wash their hands thoroughly before departure
- We will ensure footwear and clothing is as free as possible from faecal materials.

Lost children

In the event of a child being lost, the Lost Child Procedure/policy will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.

In the event of an emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a safe haven and remain there until the danger passes. See 'Run, Hide, Tell' leaflet enclosed in this policy.

Each outing will have a detailed risk assessment, which covers all these risks and is planned ahead.

This could cover other issues such as extreme weather, emergency (such as an ill or injured child) etc.

We will contact all parents to let them know everything is ok as soon as it is safe to do so.
